

## HOW TO MAKE A WITHDRAWAL

We know that there will always be a time during your investment experience that you will want to withdraw your profits. The following is a simple tutorial on how to withdraw your cryptocurrency profits. However, there is one important thing to remember for ALL of our users: please update and re-check your cryptocurrency addresses in your dashboard settings! Impressio makes sure to remind all users to withdraw money safely and securely, and to make sure that all information is accurate.

**IMPORTANT!** Please update and re-check your cryptocurrency addresses in dashboard settings.

The next step is to decide which currency that you wish to withdraw: bitcoin, litecoin, or ethereum. As always, it is important to remember the correct address and cryptocurrency that you want to withdraw. Impressio will provide the balances for each of the respective currencies in your Impressio account.

 <b>BITCOIN</b> Available Balance: 0.00000000	 <b>ETHEREUM</b> Available Balance: 0.00000000	 <b>LITECOIN</b> Available Balance: 0.00000000

Simply click on the currency that you are interested in withdrawing, and then enter the amount that you wish to withdraw in the “Amount” box, and click the “Withdraw Money” after you are sure of the amount that you wish to withdraw. The amount will then be withdrawn to the address that you have provided in the settings section of your Impressio profile. It’s as simple as that! Underneath this section, Impressio also provides your entire withdrawal history so that you can keep track of your withdrawals and make sure that everything is in order. You will be able to see when the transaction is completely confirmed, as well:
